

**DODGELAND SCHOOL DISTRICT**  
**Board Policy Manual**

**186**

**ADVISORY COMMITTEES**

The School Board recognizes that advisory committees can contribute substantially to the successful operation of the District. Therefore, advisory committees may be created by the Board for special purposes or to provide continuing consultations in a particular area of activity. There shall be no standing advisory committees to the Board.

The composition of advisory committees shall be broadly representative and shall take into consideration the specific tasks assigned to the committee.

Advisory committees shall serve in an advisory capacity only and without pay. All recommendations of an advisory committee should be submitted to the Board for action. The Board reserves the right to accept or reject proposals. Upon completing its assignment, each committee shall be given issues to study or shall be dissolved promptly.

Because the Board has ultimate responsibility for establishing the educational standards for the District, guidelines developed for advisory committees will be representative of those standards.

All public announcements concerning the organization, membership, operation and recommendations of the advisory committees shall be made according to established District procedures.

Notice of advisory committee meetings shall be given to the public in accordance with state law and established procedures.

The Board shall have the sole power to dissolve any of its advisory committees and shall reserve the right to exercise this power at any time during the life of any of its committees.
