BOARD-ADMINISTRATOR RELATIONS

The Dodgeland School Board believes that policy making is one of the most important functions, and that the implementation of policy is the function of the District Administrator. The Board delegates executive powers to the District Administrator in order that he/she may manage the school within the Board's policies, thus permitting the Board to devote its time to policymaking and evaluation.

The Board shall hold the District Administrator responsible for carrying out policies within established guidelines and for keeping the Board informed about school operations. The District Administrator will be responsible for all aspects of school operation and for other duties as requested by the Board.

The District Administrator may delegate responsibility and the authority necessary for the operation of the schools to other designated officials who are serving in an administrative capacity.
