

**STUDENT CONDUCT**

The Dodgeland School District is committed to creating and maintaining an orderly and safe educational environment. Teachers are responsible for creating a positive learning climate for students in their classrooms. Student behavior should be based on respect and consideration for the rights of others, reflecting standards of good citizenship. Students shall be expected to behave in a manner appropriate for their level of maturity and to act with due regard for the supervisory authority vested by the Board in all District employees.

Students are expected to abide by the District's Code of Classroom Conduct, student conduct rules and codes established by the building principal, and all Board policies relating to student conduct. These student conduct expectations shall be communicated to students and parents and guardians annually through student handbooks and through other appropriate means as necessary to ensure expectations are known and understood.

The building principal has primary responsibility for ensuring proper student conduct is maintained on the school premises and during school-sponsored activities. District staff members have responsibility for supervising the behavior of students and for seeing that they comply with student conduct policies, rules and codes. Failure by students to comply with such policies, rules and codes shall result in appropriate disciplinary action. In addition, failure to abide by the Code of Classroom Conduct may result in student removal from class by the teacher and placement in an alternative setting as outlined in the code.

In the process of enforcing student conduct policies, rules and codes, staff members shall place particular emphasis upon educating students in the ability to control their own behavior. Positive behavioral interventions and supports shall be utilized with students whenever possible to help maintain proper personal conduct and encourage good citizenship.

The District shall not discriminate in standards and rules of behavior, including student harassment, or disciplinary actions on the basis of sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.
