STAFF INVOLVEMENT IN DECISION MAKING

The Dodgeland School Board encourages staff participation in decision making. In the process of developing or revising policies, rules and other forms of guidance and directives that govern the operation of the school system, staff input may be obtained at the discretion of the District Administrator, except as otherwise provided by laws and/or Board policy.

The District Administrator is authorized to establish committees and other channels of communication to obtain staff input about District functioning when deemed necessary by the administration or the Board.
