

Dodgeland Summer School

Grades 4K - 12

2020

July 27 – August 14

Monday – Friday 8:00 am – 11:55 pm

Online Registration Opens on May 6, 2020 @ 4pm (closes on July 20, 2020)

2020 Dodgeland Summer School

Grades 4K-12
Student Hours: 8:00 AM – 11:55 PM
Monday – Friday

Summer Session

Week 1: July 27-31

Week 2: August 3-7

Week 3: August 10-14

Dear Parent(s) / Guardian(s),

The Dodgeland School District is excited and pleased to provide a variety of Summer School courses this year. Remedial classes that are intended for students to continue to build/maintain their reading/math skills for the next grade; along with a wide variety of enrichment classes of interest to all students. Hopefully, there will be enough student interest in each course because a sufficient number of students are needed to run each class section. **Please note that classes are not guaranteed! If classes fill up, your child might be scheduled into an alternate class.**

Teachers will often recommend that a student enroll in Summer School to further develop the skills and abilities needed to carry on the work of the next grade. Parents are urged to give serious thought to such recommendations. Please note that some courses are available **ONLY** through teacher recommendations (indicated online in the course description).

Free breakfast will be provided to each summer school student. Sack lunches will also be available to students at the same cost as lunch during the school year. Please indicate during the registration process online if your child intends to get a sack lunch during this summer, even if it is not every day. A breakfast menu will be shared prior to the start of summer school.

The Summer School program is open to any child entering 4-year-old kindergarten – 12th grade who resides within the boundaries of the Dodgeland School District, or is currently attending Dodgeland through open enrollment. Any child who will be attending 4-year-old kindergarten in the fall of 2020 is eligible to participate in the “Fantastic 4K” class.

Online Registration Opens on May 6, 2020 @ 4pm & closes on July 20.

Sincerely,

Jennifer Huelsman
Elementary School Principal

Sincerely,

Marcia K. Modaff
MS/HS Associate Principal

Sincerely,

Jessica Johnson
MS/HS Principal

Online Registration Returns

**Register for your Summer School courses online.
Use the link on our Dodgeland District Homepage
(District Drop down at the Tab – Summer School 2020)**

or

on our Facebook page.

TIPS:

1. Create an account by entering your name, email address, and creating a password.
 - a. Multiple children can be registered with one parent account
2. Fill in all information that is marked with a red circle. When it is complete, it will turn into a green checkmark.
3. At the bottom of each page of the registration, click "Go to the Next Step."
4. After entering your child's information, the courses that are available for that age group will be listed on the next page. Click on the boxes of the course your child would like to take.
5. After registering, your dashboard will contain a summary of the courses you've selected. Check that it says "**Completed**" and the green bar opposite your child's name is full and at 100%.

Assistance and Technology devices are available at Dodgeland. Please call the district office.

**Dodgeland School District
2020 Summer School**

General Information

Registration: Fill out the Online registration for 2020 summer school programming at:

Notification of class assignments will be sent in a confirmation email after completing the registration process.

Course Fees:

Driver's Education course is free for students that reside within the Dodgeland School District or those enrolled in school choice (open-enrolled) at Dodgeland. The student fee for students outside the district is \$75. Behind-the-wheel instruction is separate from summer school and does have an additional cost. See Mr. Miller for more details.

Program Location: All 4K-12 classes will be held in the Dodgeland School District building.

Times:

Fantastic 4K and Fun in 5K

Students meet in classrooms upon arrival.

8:00 – 11:55 Free Breakfast, class work and recess/snack daily

Scholar Camp

8:00-11:55 Free Breakfast, class work and recess/snack daily

1-12 Enrichment + Remedial Courses

7:35 – 7:55 Free Breakfast

8:00 – 8:55 Period 1

9:00 – 9:55 Period 2

10:00 – 10:55 Period 3

11:00 – 11:55 Period 4

High School Online Courses

7:35 – 7:55 Free Breakfast

8:00 – 11:55 Online Courses

Breaks:

Students will be given a short “brain break” during classes as needed.

Dress:

Students are expected to follow the same standards of dress and conduct as those in effect during the school year.

Transportation:

Bus transportation will be offered to and from Juneau. Students will be picked up and dropped off at the following locations and times:

Bus Schedule	Pick-Up	Drop-Off
Reeseville – Former Gathering Source	7:15 AM	12:20 PM
Reeseville Community Center	7:15 AM	12:30PM
Lowell Post Office	7:20AM	12:15PM
Lowell – Caine Park	7:25 AM	12:20 PM
Clyman Village Park	7:20 AM	12:15 PM
Clyman – Church on Main St. Corner	7:20 AM	12:20 PM

Middle and high school students who are interested in attending just one class may do so, but transportation will not be provided separately. Example: if the class is held during the 1st period, the student could ride the bus to school; but would need to be picked up immediately after the 1st period ended. Or if the class isn’t held until the 4th period, transportation would need to be provided to get the student here; but the student could ride the bus home.

Attendance:

- 4K-12 students enrolled in **enrichment** courses are encouraged to attend all classes.
- Any students enrolled in **remedial** courses for the purpose of promotion/credit **must** attend all classes, except for illness or emergencies. Remedial course students with **more than two absences will NOT advance** to the next grade level at the middle school, or raise their grade to passing at the high school, and will be dropped from the class.

Conduct:

Any discipline problem may result in removal from class, and students may be dropped from the class. The following discipline procedure will be followed:

- 1st – Warning / Advisory
- 2nd – Suspension
- 3rd – Removal from summer school

Middle school students removed from class for discipline and/or attendance reasons will not move to the next grade level and high school students will not receive a passing grade.

Health/Emergency Information Sheet:

Parents will need to fill out questions during online registration regarding health/emergency information before their child/children can participate in summer school classes. We may need to contact you or an emergency contact person regarding your child.

Cancellation Policy

Summer School will be canceled if there is a tornado watch or warning in the morning. School cancellations due to weather can be checked at the Dodgeland website or the sources listed below:

Beaver Dam WBEV AM Radio 1430	Madison CBS – WISC TV-3
Beaver Dam WXRO FM Radio 95.3	Milwaukee NBC – TMJ TV-4
Mayville WMDC FM Radio 98.7	Milwaukee Fox – WITI TV-6
Milwaukee WTMJ AM Radio 620	Milwaukee ABC – WISN TV-12

“Gear Up” for Middle School (for students entering Grade 6)

Dodgeland Staff

TBD – More information will be mailed this summer.

Gear up for a fun two days of learning and getting ready for your new school! The Dodgeland Middle School teachers are excited to welcome you to a brand new school year. Students will practice their schedule, participate in lots of fun activities to learn about their new school and will even organize their lockers and prepare for a great school year! The course will end with a *school picnic* for all new 6th grade students and their families.

***NEW*3D Printing** (for students entering grades 4-8)

Mrs. Rollins

Take your computer skills to a whole new level by exploring the world of 3D modeling. Go through the PLTW design process by asking questions in order to solve a problem, explore possible solutions, create models on the iPad, evaluate your solution, and explain your findings and possible changes to your model. Have fun watching your creations come to life!

***NEW*Adulting 101** (for students entering 9-12)

Dodgeland Staff

Join us this summer for an exciting opportunity to learn and practice important skills that you will use the rest of your life. Students in this class will have work with outside professionals as well, to learn about planning for the future with hands-on practical activities. Students will learn about job seeking skills, money management, housing options, and even cooking food and planning meals for yourself. (Outside professionals will also be participating)

Around the World (for students entering Grades 3-5)

Ms. Stortz

Grab your passport and let's go! Students will explore the themes of geography of different continents and countries through research, art forms, map skills, and more. This class will have a geography focus yet encompass engaging and new activities to learn more about the world we live in! Think of creating Guatemalan worry dolls, learning phrases in another language, and reading traditional folk tales!

ARTastic! (for students entering Grades 1 - 3)

Ms. Stortz

Explore your creative side by drawing and painting this summer! In "ARTastic!" Students will learn and practice a variety of art concepts including lines and patterning, portraiture, perspective, realism/abstraction, and art vocabulary. With ordinary drawing and painting mediums, like crayons, markers, and watercolors, we will make extraordinary pieces of art with step by step guidance.

ARTspiration (for students entering Grades 4-6)

Ms. Ganser/Mrs. Lisiecki

Does art fill your bucket? What about art inspires you? Well, attend Artspiration by Ms. Ganser and be inspired by the many ways to incorporate art in your everyday life.

Baton Twirling (for students entering Grades 1 – 2, 3-6)

Ms. Lucht

Learn the basics of baton twirling, from individual skills to partner tricks! Simple tricks, throws, and marching will be taught and practiced daily. Baton twirling develops small and large motor skills, eye-hand coordination, self-confidence, and individual, as well as, team pride. Both girls and boys are welcome! Batons will be provided for class use.

Class will culminate in a “visiting hour” for families, so twirlers can show off their skills and a short group routine.

Be a Scientist (for students entering Grades 2-3)

Ms. Holmes

Students will get the chance to perform different science experiments both inside and out. Along with performing experiments, the students will write their own hypothesis as to what the outcome of the different experiments will be. We will also discuss the outcomes of the different experiments and why. Students will need a **long sleeve shirt** to protect their clothing to be kept in the classroom.

***NEW* Be Fit** (for students entering grades 3-5)

Mrs. Huso

Enjoy the summer by getting outdoors and learning the benefits of getting physical activity each day. We will use pedometers, stress the importance of hydration and amount of water needed, and eat healthy snacks.

Chapter Chats (for students entering grades 4-7)

Mrs. Schulte

Come join us to chat about books. We will read short stories, picture books and so much more. The best part: We get to share our thinking with others all summer!

Drivers’ Ed (for students that will be 15.5 years old before next summer)

Mr. Miller

The classroom portion of Drivers’ education will take place during summer school from 8:00-11:55 in two sections: Monday/Wednesday/Friday or Tuesday/Thursday/Friday section. Please sign up for the section that you prefer. At the conclusion of the course, you will take the written test for your Driver’s permit. See Mr. Miller’s letter for more information.

Exploring the World through Arts and Culture (for students entering Grades 5-10)

Ms. Lutes

Take this humanities course and set out on a journey to explore the Arts, Cultures, and foods of South America, Africa, and Asia! Students will learn about the art and culture of various peoples across the globe and have the opportunity to create projects and sample various foods from the regions.

Everyday Writers (for students entering Grades 4-6)

Mr. Schwoerer

Attention writers: This is your opportunity to do what you love all summer! Come join us as we explore the world of writers through the creation of creative stories, daily journaling, letters, and poems.

***NEW* Fact Frenzy** (for students entering grades 3-6)

Ms. Wild

This summer will be a frenzy of learning math facts to prepare for next school year. Students will use a number of activities and games to practice math facts in addition, subtraction and even multiplication for those that are ready! Sign up for this class to keep practicing math facts this summer!

Fantastic 4K (for students entering Grade 4K)

Ms. Mueller (limit 16 students)

This class will be one session – 8:00 AM – 12:00 PM. Students will **meet in the classroom** at the beginning of each school day when students arrive and go to breakfast as a group after attendance. This class will let your soon-to-be 4K child dive into some summer fun. We will be reading many great books, creating projects, making new friends, and learning about how the 4K classroom works. Students need to bring a paint shirt, a change of clothes in a labeled zip –lock bag, along with a daily snack and drink.

Football FUNDamentals (for students entering Grades 5-8)

Mr. Scheel

This summer school class will go one step further than the Intro to Football class. Students in this course will learn proper football stances, ball handling skills, offensive/defensive philosophies and the importance of proper nutrition and growth mindset. Join us this summer to practice the FUNDamentals!

Fun in 5K (for students entering Grade 5K)

Ms. Braunschweig and Mrs. Donovan (limit 16 students/class)

This class will be one session – 8:00 AM – 12:00 PM. Students will **meet in the classroom** at the beginning of each school day when students arrive and go to breakfast as a group after attendance. Students will have the opportunity to explore kindergarten classrooms, do crafty projects, play games, do hands-on activities, and most of all, have fun, Fun, FUN!!! Students need to bring a paint shirt, a change of clothes in a labeled zip –lock bag, along with a daily snack and drink.

Fun with Geography (for students entering 5-10)

Ms. Lutes

Students will explore the geography of the world through various projects and hands on learning activities. Topics covered will include mapping skills, landforms, physical geography, and political/human geography. Students will practice their cartography skills while learning how our world is shaped and formed!

Hands-On Science (for students entering Grades 4-5)

Ms. Wild

Students will discover science first hand. They will question, observe, predict, and estimate what will happen through various science experiments. We will create volcanoes, make our own bouncy balls, and even try not to break eggs by dropping them.

Intro to Football (for students entering Grades 3-4)

Mr. Scheel

This summer we will learn the beginning basics of football. We will learn how to properly throw a football, how to catch a football, how to run with a secured football and have fun doing it. We will also practice the rules in a small game each day.

Intro to Weightlifting (for students entering Grades 6-12)

Mr. Klueger/Mr. Scheel

Students in summer school will be introduced to the movements fundamental to human life, health and athletic performance. If you want to become the best possible version of yourself, having a growth mindset and setting proper habits now is the biggest priority. We will focus on body movements and technique and gradually move into weighted activities. Each student will have their own program to meet their individual needs.

Jumpstart to 3rd Grade Math (for students entering Grade 3)

Ms. Juech (**enrollment by teacher recommendation only**)

This class will offer additional instruction and practice in math facts and math skills in order to have a successful start to the 3rd grade school year.

Jumpstart to 3rd Grade Reading (for students entering Grade 2-3)

Ms. Juech (**enrollment by teacher recommendation only**)

This class is intended for students who need and want to keep reading this summer in order to be on track for third grade.

Jumpstart to 4th/5th Grade Literacy (for students entering Grade 4)

Mr. Schwoerer (**enrollment by teacher recommendation only**)

This class is for students who want to keep reading and writing this summer in order to be on track for fourth and fifth grades.

Just Read (for students entering Grades 4-8)

Mr. Klueger

Can't find a good time to read? Come join good friends with good books during Just Read. Students will have the opportunity to pick a good book, get comfortable, drop everything, and read for the duration of the class. There will be opportunities to take part in book clubs, give book recommendations, and even blog about their favorite books.

LegoMania (for students entering Grades 1-3)

Dodgeland Staff

Start “building” a great summer with Lego Mania. Let your imagination soar by creatively solving building challenges like a boat that floats or the highest free-standing tower. If you can imagine it, we will build it. Legos will be provided; students will not bring their own Legos.

Math Monsters (for students entering Grade 1, 2 - 3)

Ms. Holmes

Math, Games and more Math! This course will combine Math and fun in one! Students will be exposed to different hands on activities that will help build their knowledge and understanding of different Math concepts. Students will be exposed to different Math topics that are aligned with the different Math standards.

Mindfulness for Mini’s & Minors (for students entering Grades 1-5)

Ms. Ganser/Ms. Lisiecki

Do you feel you just have way too many pancakes on your plate? Pancakes such as friends, family, summer, stress, nerves, excitement, etc. Do you want to learn how to be mindful of the pancakes on your plate? Attend this mindfulness class and learn more techniques using tools (music, objects, movements, food) to help your body be calm. Research has shown, teaching children how to be mindful helps them stay in the upstairs brain!

Mindfulness for MS/HS (for students entering Grades 6-12)

Ms. Lutes

Have you ever been stressed because of school, family, relationships, and all the other normal experiences children and teens struggle with? Or maybe you would simply like to enjoy the present moment more? Would you like to take a class where you get to eat chocolate, take walks, relax, and simply enjoy life for awhile? If so, mindfulness may be for you! This summer we will explore mindfulness practices and stress reduction techniques, whether you are new to mindfulness or have been practicing for a while, you’ll enjoy this hands on course. Mindfulness is not new and scientists all over the world are continually researching the practices that have been around for thousands of years. Studies show the benefits of mindfulness include stress reduction, emotional balance, and greater focus. This course will give you an opportunity to experience it for yourself (and eat some chocolate!).

****NEW** Online Courses for High School Credits** (for students entering Grades 9-12)

Mr. Jacquart and Mr. Mate and Mr. Falkenthal

This course is designed for high school students interested in courses for credit. This course will be independent study, which may include a personalized schedule (please contact the Summer School Coordinator-Mrs. Huelsman-to discuss options), with assigned due dates for work completion. For students completing the work at school, which is recommended, they no longer have to attend once they have completed the course work.

Students that are taking online courses for credit recovery **must** attend in person at school during the summer school session. **This class will be one session – 8:00 AM – 12:00 PM.**

****Students are encouraged to check out the course catalog of classes available to them to work towards graduation requirements. ****

***NEW*Personalized Learning for ELA, Science, Math & Social Studies**

(for students entering Grades 7-9)

Dodgeland Staff

This class is for students who need to retake an ELA/Math/SS class or want to keep reading/writing/solving math problems this summer in order to be on track for seventh through ninth grade. This course will utilize online tutorials, as well as individualized lessons with the instructor.

Reading Rocks! (for students entering Grades 2-3)

Ms. Wild

Do you love reading? Each day we are going to read lots of different books. We'll talk about new words and pick out our very favorite books to share with each other and enjoy reading great books all summer!

NEW* Scholars on the Move (for students entering grades 1-5)

Mr. Wedel & Ms. Fobes (**Enrollment by Teacher Recommendation only**)

This summer join Ms. Fobes and Mr. Wedel to go on an adventure like no other. This is a BRAND-NEW opportunity coming to Dodgeland for students entering grades 1-3. This course is a morning course from 8-11:55. The course will include learning in math and reading, but also some unique opportunities like weekly trips to the library, time to play outside and even an end of the year field trip!

Sports, Games & Fun (for students entering Grades 1-2, 3-4, 5-6, 7-9)

Mrs. B. Caine/Ms. Lucius (limit 35 students/class)

This class will develop and enhance students' overall abilities when participating in a variety of interactive activities. Students will improve such attributes as balance, coordination, focus and teamwork. Keeping our bodies healthy and in good physical fitness will be one of our main objectives. Most of all, we want to have fun! Wearing appropriate clothing and tennis shoes are mandatory.

Stories Come to Life (for students entering 1-3)

Ms. Juech

Let's bring stories to life together! In this active, dramatic, engaging approach, kids will take on the role of characters using their bodies, voices, and ideas to deepen understanding of the text. Let's get up and move then apply academics to engaging strategies! Join in this fun twist for summer school!

Student Instructional Apprenticeship (for students entering Grades 7-12)

Mrs. Johnson

Do you have an interest in helping others or pursuing a career in teaching? Or maybe you need some experience to add to your resume as you begin applying for a job or filling out college applications. If this describes you, please consider applying to be a summer instructional apprentice. **Please complete the online application for Mrs. Johnson to review.** She will place you with the appropriate teachers for your summer apprenticeship. You will need to make note of which classes/teachers you would be interested in.

Tech Masterpieces (for students entering 1-2, 3-4)

Mrs. Rollins

In this course, students will visit websites and Web 2.0 tools geared towards kids, team work, higher order thinking skills and educational fun. They will apply their digital citizenship skills while exploring these online places, and learn new ways to show their creativity. They will create and share projects in a low-pressure environment using a variety of formats.

NEW* Independence 101 (for students entering 6-8)

Dodgeland Staff

The Middle School years are filled with wonderful and new experiences. It is also a time in children's lives where students become a little more independent and ready to care for themselves even more. This practical, yet hands-on and engaging course will center on things that students can learn to help become more independent. Students will discuss nutrition, learn to cook simple meals for themselves, the importance of routines and how to take care of their bodies. (Outside professionals will be participating as well.)

Trojan Strength, Power & Fitness (for students entering grades 7-12)

Mr. Klueger/Mr. Scheel - **Offered: 7:00 AM and/or 8:00 AM**

This class will focus on building strength through lifting on a split schedule. All upper body development will take place on Mondays and Wednesdays, and all lower body and core development will be on Tuesdays and Thursdays. Developing great strength, power and explosion through this course will help your performance in any sport. It would be great for improving hitting a ball more forcefully, striking a volleyball harder, playing stronger around the basket, and with the basics in football and wrestling.

Only sign up for this course if you previously have taken Trojan Strength, Intro to Weight Lifting, or have experience with the machines in the fitness center.

Under The Sea (for students entering Grades 1-2)

Ms. Lucht

Splash into summer school with this exciting class! Reading, writing, math and science have never been so much fun!! Books and hands-on activities will spark imaginations and encourage the appreciation and conservation of ocean creatures such as whales, squid, dolphins and sharks.

Walk & Talk (for students entering 5-9)

Ms. Tauschek

This class is designed for people who want to spend time outside chatting and get some exercise along the way! Learn stretching techniques and benefits of walking for exercise. Students will receive a pedometer to use and track their steps/distance throughout the course.

***NEW* We Be Bookin'** (for grades 1-2)

Mrs. Huso

Do you enjoy classic books by authors like Eric Carle, Dr. Seuss, and Marcus Pfister? Each week, we will read books by popular authors, and students will create projects about the books' characters and even write their own books.

Yard Games (for students entering 6 – 12)

Mr. Klueger/Mr. Schwoerer

You're never too old or too young for a little outdoor playtime. Join us in learning the basics of some of the newest and most popular lawn games including Spikeball, Kan-Jam, Poleish, Bocce Ball, Ladder Toss and more. Spend your summer days stoically honing your aim, testing your skills all while learning sportsmanship and enjoying company under the sun!

July 27 Classroom 8-12 A1	July 28 Classroom 8-12 B1	July 29 Classroom 8-12 A2	July 30 Classroom 8-12 B2	July 31 Classroom 8-12 A3
August 3 Classroom 8-12 A4	August 4 Classroom 8-12 B3	August 5 Classroom 8-12 A5	August 6 Classroom 8-12 B4	August 7 Classroom 8-12 B5
August 10 Classroom 8-12 A6	August 11 Classroom 8-12 B6	August 12 Classroom 8-12 A7	August 13 Classroom 8-12 B7	August 14 Classroom 8-12 A/B8

Expectations for Driver Education

Hopefully, you will attend all the classes, because, you may not miss a class to fulfill state guidelines.

You must pass the class assignments and test to successfully complete the course.

You may arrange a “swap” of a numbered lesson from A to B, or a B to an A, but it must be the same number to work. Please make these arrangements in advance if possible.

Example: You can't make B6, but you can make A6 that would not count as a miss. However, you may not swap a lesson 5 for a lesson 4 or 6.)

I expect students to be on time and alert for all classes.

Dodgeland School District

Application for Summer School Student Instructional Apprentice

Due on or before July 20, 2020 in the Elementary Office.

**Students applying are NOT guaranteed placement. Students may be excluded from this opportunity due to disciplinary history. In addition to this application you will also need to submit other required summer school registration forms found in the Summer School Course Booklet.*

Personal Information

Name: _____

(Last, First)

Current Grade Level: _____

List any special training or experiences pertaining to being an instructional apprentice:

Have you helped teachers during the school year or summer school? Yes/No

If yes, please list which teacher and when you have

helped: _____

References

List the name, title and phone number for at least two persons with knowledge of your character, experience and ability. Do not list immediate family members. You may include Dodgeland teachers.

Name	Title	Phone Number

General Questions

1. Explain why you would like to be a Student Instructional Apprentice:

2. After looking through the list of courses and the schedule, please identify at least 2 courses for each class period that you would be interested in helping with. If you are taking another course during a class period, just leave that period blank:

1 st period	2 nd period

3 rd period	4 th period

3. Do you have a special interest in assisting with technology? Yes/No

If so, please describe your technology experience:

Statement and Authority to Release Information – PLEASE READ THIS STATEMENT CAREFULLY

I understand that if selected for a student instructional apprentice position I must follow the school Code of Conduct and set a positive example for younger students. If I have any disciplinary issues during summer school, it can be cause for dismissal from this opportunity. I authorize Mrs. Johnson to consult my given references and disciplinary file when considering my application for this position.
